## authentic elderflower flavor

The flavor of this classic elderflower liqueur has evolved out of a refinement process that dates back centuries. German folk legends tell of the elderflower's magical powers and the liqueur's historical origin as a medicinal elixir distilled in German abbeys. Nothing short of hypnotic, this liqueur entrances with its suede like texture and seductive blossom aroma. Its subtle sweetness accentuates the floral intensity of this enchanting favorite.

True to traditional artisanal methods, only the finest and freshest blossoms are used for producing **pür·likör blossom, elderflower liqueur**. Let its versatility inspire you to create magic cocktails.
